pre med summit

To the esteemed administrators of the institution,

The UP Pre-Medical Honor Society, an academic and civic-oriented organization of exemplary pre-medical students, will be holding its annual **Pre-Medical Summit**, a two-day event geared towards introducing different pre-medical courses to junior and senior high school students (Grade 9-12) aspiring to pursue medicine. The event will be held on March 19 & 26, 2022 from 2:00 – 6:00 PM via Zoom.

In line with our objective of promoting pre-medical training through activities that encourage a well-balanced education that emphasizes both scientism and humanism, participants will have the opportunity to take part in varying lectures and workshops designed to **showcase various pre-medical programs offered in universities** around the country.

With this, we are **extending an invitation to your esteemed school**, specifically to your constituent junior and senior high school students who may be interested in knowing more about **different pre-medical courses** and **participating in workshops** focused on skills related to the programs. It would be an honor and privilege to have members from your school as our participants for this year's Pre-Medical Summit. Please note that the event has a limited capacity of participants. To be registered as part of the official roster of participants, kindly fill out this google form: <https://forms.gle/kPJZBmJVEzuwwU5e7>

For more information on the event, kindly refer to the attached **marketing primer**. Interested students may also follow the official Pre-Medical Summit Facebook page at [facebook.com/PreMedSummit](https://www.facebook.com/PreMedSummit) for important announcements and updates. If you have any inquiries, feel free to reply to this email or contact **Kristiana Caraos** or **Samantha Bastes** through: premedsummit.uppmhs@gmail.com or at **09176135778 / 09087393855**.

Thank you and we look forward to seeing your school in our event!

Sincerely,

Maria Kristiana C. Caraos

Who We Are

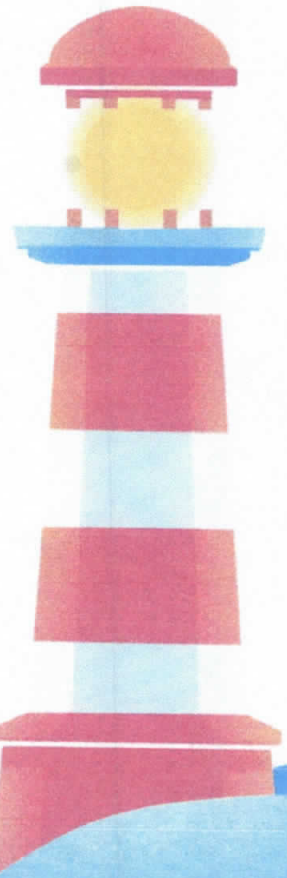

The UP Pre-Medical Honor Society is an **academic and civic-oriented organization** of exemplary pre-medical students, dedicated to the pursuit of honor and excellence in their field.

Since its establishment in 1955, the UP PMHS **organizes events that aim at providing medical support and disseminating health-related information within and outside the community** to deeply ingrain its commitment to serve humanity in its endeavors.

The UP PMHS has produced individuals whose potentials are channeled into various aspects in pre-medicine, as evidenced in regular free clinics and various symposia and workshops, as well as building unwavering personalities that embody the Society's goals of integrity and passion in service.

Events

Pre-Medical Summit

The UP PMHS' Pre-Medical Summit is a **two-day interactive conference** aiming to familiarize high school students (Grade 9 to 12) from across the country - allowed by the online setup - **with the various pre-medical courses and how each helps them prepare for their future medical careers.**

To help jumpstart their medical careers, we **invite medical professionals** from different universities to have a panel which directly addresses questions from the participants. In addition to that, **several lecturers from different pre-medical courses will explain the background of their degree program.** There will also be **workshops conducted by esteemed organizations to showcase the course' future career path.** These are done to provide an in-depth understanding of each pre-medical course.

Our Society successfully launched our first Pre-Medical Summit in Metro Manila last 2017 and we have received over 200 participants each year for the past 3 years. Unfortunately, PMS 2020 was cancelled due to the COVID-19 pandemic. Nevertheless, we shall continue the tradition of excellence in pre-medical training by hosting the Pre-Medical Summit 2022 online via Zoom and Facebook Live on **March 19 and 26, 2022.**

Finally, we also **hope to shed light on the current situation of our country's healthcare system** in order to **inspire our future doctors to be catalysts for change.**
