As future leaders and builders of our nation, may you become persistent, determined, and committed to the fight for peace, security, and stability, the ending of poverty, the campaign to give Filipino children access to basic education, the protection of the environment, the promotion of health and nutrition, and many other challenges that we are facing today.

To the parents and the academic community, let this milestone remind us of the indispensable role of education in charting the course of our youth's future and in harnessing their potential to become outstanding individuals.
