BACKGROUND

The Asia Pacific Centre of Education for International Understanding (APCEIU) was established in 2000 as a UNESCO Category 2 center to promote education for a Culture of Peace. APCEIU is working in close collaboration with UNESCO Offices, National Commissions of Member States, related educational institutes, and civil society to promote Global Citizenship Education (GCED) under the framework of Education for International Understanding (EIU) towards a Culture of Peace. APCEIU has devoted itself to strengthening GCED/EIU capacities of stakeholders globally by pursuing its philosophy and policies through training teachers and teacher trainers; research and policy development; developing educational materials and programs; organizing different levels of workshops and conferences; and strengthening the network of teachers, educators, experts, civil society leaders, and other stakeholders. Through close cooperation with various international organizations, APCEIU has organized many events to promote GCED and will implement diverse projects on GCED towards a Culture of Peace.

APCEIU is committed to enhancing the capacities of educators on fostering global citizenship through education. Teachers can transform their classrooms into a democratic, participatory, inquiry-based, empathetic, and engaging place for learners. This experience will ultimately help learners recognize themselves as active members of the classroom.

The 7th Global Capacity-Building Workshop on GCED will invite educators in developing countries to learn and explore global citizenship education. Interactive
