MA. LORLINIE M. ORTILLO, CESO VI
Division Superintendent
Department of Education
Kabankalan City, Negros Occidental

Greetings!

As we envision a future of remarkable youth leaders that will lead the Filipino Nation into greater heights and for a more sustainable society, we, from HARVEST Community, would like to present a project in collaboration with the Negrosanon Young Leaders Institute, and Sangguniang Kabataan Federation of Kabankalan City.

Holistic Actions on Reinstating Values to Empower Students of Tomorrow (HARVEST) is program under Ang Sugilanon, a youth-led organization with the primary purpose of gathering stories from individuals who will become the future leaders of our society. It was founded by 30 student leaders who were scholars of the Temasek Foundation International Specialists' Community Action Exchange (TFI-SCALE) Program 2018 in Singapore where they experienced holistic cultural learning and ties.

HARVEST aims to foster student's leadership values and skills through introducing leadership principles and immersing them in leadership experiences during a one-day campus-based leadership and team building training.

The target recipients of this program are the student leaders from the secondary schools all over the city. The program will start by **September, 2019**.

It is our privilege if you will allow us to perform this program into the different secondary schools in the city because we truly know that true leadership is fostered in the simplest and earliest stages of an individual. So as early as now, we believe that it is a breeding ground of excellency and passion to make actions in changing the world.

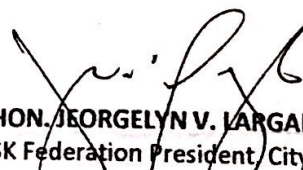

Should you have questions and concerns regarding the program, attached herewith is an itinerary. You need not worry since the participants will not be paying anything and that we will make sure that their experience is worthwhile.

Further, you may reach us through our contact details stated on this letter as we will be available at your most convenient time.

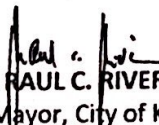

Many thanks!

Envisioning a brighter future ahead,

STELLA MARIE T. SALINAS
Program Officer, Ang Sugilanon
