Pls. attend.  
Thank you.*

**I. MALLORCA, Ph.D., CESO V**  
Division Superintendent  
Kabankalan City  
Kabankalan City, Negros Occidental

Mallorca,  
Warmest greetings!

To provide a hub for young innovators and develop the prowess of kids in the field of science and intelligent machines, the Office of the Governor-Negros Occidental Language and Information Technology Center in partnership with Data Science and Technology Corporation and Pinoy Robot Games will launch the **Negrense Robotics** on **November 19, 2019, 9:00 am** at NOLITC Hall, Hernaez Street, Paglaum Sports Complex, Bacolod City.

This pioneering project of NOLITC is geared towards providing a space for young students to hone their fundamental skills and convert their curiosity into creative ideas. We will use the research-based robotics curriculum, training materials and robots kits provided by Data Science and Technology Corporation.

One of the long-term goals of the project is to raise champions in national and international robotics competition.

In this regard, we would like to invite you or your representative to join us during this important event. Your participation in the launching activity will contribute to the development of the Robotics field in Negros Occidental.

We are looking forward to your presence in the event.

For confirmation of attendance and any inquiries, kindly call Ms. Cely Trio at [phone number].

Thank you very much.

Yours,
